DETECTION BY TOBACCO.—There has lately appeared in the New York Tobacco Leaf a queer account of the detection of a mail robber in which suspicion was first aroused by a particle of tobacco. A registered letter, it seems, was received at the Chicago Post-Office, in which there ought to have been \$500. It had been opened, the money stolen, and the envelope rescaled with great nicety. The detective examined with a microscope the resealed part, and found in the mucilage a fragment of plug chewing tobacco. Along the whole post route, between the points of mailing and delivery, the detective travelled to find who used plug tobacco. in a country where men universally bacco, in a country where men universally chewed "fine-cut." No such man could be found, till, almost in despair, the detective reached the house of a country postmaster who was his friend, and quite above suspicion. The detective, however, chewed tobacco himself and, as it appears any kind he could get, by borrowing, so he happened to ask his friend for a chew; the friend replied he could give him no fine cut, because he always used plug tobacco himself. Presto, forgotten were friendship and tobacco alike. The friend was arrested, a search warrant obtained, his house searched, and the money found.

Moral. If you rob the mail, never chew fine cut when men-chew "plug," and vice yersa; also never have a detective as an infimate friend, if he asks for tobacco of any kind.

WANTED-An AGENT for the city of Alexandria and the counties of Loudoun, Fairfax and Prince William for the PIEDMONT AND ARLINGTON LIFE INSURANCE AND ARLINGTON LIFE INSURANCE COMPANY. This Company has met with the most unprecedented success; has issued over 13,500 policies, and now has an income of \$1,500,000. The rates of expense to income is 18,83 less than half the average expense of some 30 companies of the same age. Its mortality has been 6 per cent less than the average losses of other apprantics. It has a divisible surplus thirteen o per cent less than the average losses of other companies. It has a divisable surplus thirteen per cent larger than the divisable surplus of most companies; has passed the scrutinizing inspection of the insurance departments of Missouri, California and Kentucky. Read what General Breckinging says:

Breckinridge says:
"I regard the Piedmont and Arlington Company as one of the largest and soundest of all Southern companies. From a personal acquaintance with some of its officers, and after a careful examination of its condition and conduct, I have associated myself with its business in the State of Kentucky. John C. Breckinging. Address or apply to CARTER BERKELEY. General Agent, at this office. Staunton, Va., ap 15-3t

MAGNUM BONUM

AGRICULTURAL.

SOLUBLE PHOSPHATE

Reduction in Price!

This article in composed of Pure Ground Bone dissolved in Sulphuric Acid, Animal Matter and

Potash. It contains no heavy mineral substances such as enter into the composition of most of the arti-cles sold under the name of Super Phosphates, and consequently the bags in which it is packed, though as large as any other, contain only 167 pounds, thus saving to the farmer at least 20 per cent of weight in the same bulk.

It has less inorganic matter than those articles which are based on Rock Guano or other heavy material. The farmer therefore derives benefit from almost every atom of its bulk, either as a crop grower or permanent improver of the soil.

PRICE 854 PER 2000 LBS. 19 M. H. Mc 12 A 130 S.

Pomonkey, Charles county, Md., | September 19, 1870. | Dear Sir: I am much pleased with the Magnum Bonum. It is all you represented it to be. I shall want another ton this fall. THOS. S. MARTIN.

Annall to V steel

SPECIAL SERVICE

Gentlemen: I used your "Magnum Bonum Soluble Phosphate" on my tobacco crop, and up to this time I have seen a marked difference in its favor between it and stable manure. Of course the tobacco is yet young, but I am disposed to believe that the Magnum Bonum will give entire satisfaction. give entire satisfaction.

In haste, I remain yours, very respectfully,

Geo. P. Jenkins.

Baltimore, July 26, 1870. Gentlemen: It affords me great pleasure to testify to the virtues of the Magnum Bonum Fertilizer, as tested this spring at my country residence, Nestlewood. I tried it upon old grass, new sod, flowers, vegetables, &c., and in all cases with the most mark-

ed success. I sowed lawn grass seed where the subsoil was of hard clay, with only one inch of top soil, and that poor, and gave it a dressing of Magnum Bonum on April 10, 1870. By the 10th of May, the grass was two inches high, and very thick and green. I then sowed ground plaster on it, and since have cut two crops, each about eight inches high, and competent judges declare it the ever saw. I can therefore say that for grass lands, vegetables, &c., your Magnum Bonum surpasses any Fertilizer I have ever seen. Very truly, yours. most remarkable stand of grass, for its age, they

[Ex-Governor William Smith, of Virginia.] Warrenton, Va., July 30, 1870. Gentlemen: I am in receipt of yours of the 18th instant, asking my opinion of your Magnum Bonum Soluble Phosphate upon my spring crops. In reply, I have tried it on corn, roots and millet, with entire satisfactory results so far and alongside of Turner's Ammoniated Phosphate, which I esteem highly, and without any

appearance of inferiority.
It is right that I should say that we had an extraordinary wet year since the opening of spring.
Yours, respectfully, WM. SMITH. Yours, respectfully,

Charlottesville, Va., Feb. 1, 1871.
Mr. Thos. Perry, Alexandria, Va.:
My Dear Sir: Enclosed you will find the statement of my manager, Mr. Jacob O. McGebee, of the effects of your Magnum Bonum sent me for my last crop of corn. Mr. McGebee has been living with me now going on three years, and I think him one of the most accurate and reliable men it has ever been my good fortune to meet with. Yours, Geo. C. GILM, ER, Near Charlottesville. with. Yours,

February 1, 1871.

Geo. C. Gilmer, esq.: Yours asking the result of my experiment with Magnum Bonum is to hand.

The Fertilizer was applied to corn at planting. May 5th, with machine, (wheat drill, with all tubes but two removed,) depositing same with seed at the rate of 50 pounds per acre. On June 28th was applied broadcast of same manure two Magnum Bonum Phosphate
